

# GERMANS REINFORCED TO 750,000 MEN RENEW DRIVE ON VERDUN WITH INCREASED INTENSITY

## NO CONCLUSION IS REACHED ON LATEST NOTE FROM GERMANY

### FURTHER DATA TO BE AWAITED

Answer From Berlin Considered By President and Cabinet.

Instructions Issued By British Admiralty on Way to Capital.

Washington, Feb. 29.—Germany's latest communication on submarine warfare was discussed in detail at today's cabinet meeting and at a separate conference between President Wilson and Secretary Lansing, but no conclusion was reached. It was decided to await data on the way from Berlin regarding alleged instructions having been issued by the British admiralty to merchant captains for attacks on submarines. Cabinet members carefully avoided questions if Germany's position as outlined by Count von Bernstorff in a note to Secretary Lansing yesterday was acceptable to the American government. It was said that merely the facts were laid before the cabinet without any effort being made to arrive at a decision.

United States Will Stand Firm.  
It was reiterated, however, that the United States would continue to stand firmly behind its position that attacks should not be made on merchantmen unarmed or armed for defensive purposes, and would hold Germany accountable.

### SIX MEN KILLED BY EXPLOSION IN MINE

Nine Others Missing and Believed Dead at Kempton, W. Va.

Kempton, W. Va., Feb. 29.—Six men are known to be dead, nine are still missing and fifty-two have been brought safely from mine No. 42 of the Davis Coal & Coke company near here, where an explosion occurred this morning soon after the miners had gone to work. The missing men had penetrated far into the workings and rescuers who reached the surface at noon expressed the opinion that they had perished.

### MINISTERS MADE ILL BY POISONOUS FOOD

Attendants at Banquet at San Francisco the Victims.

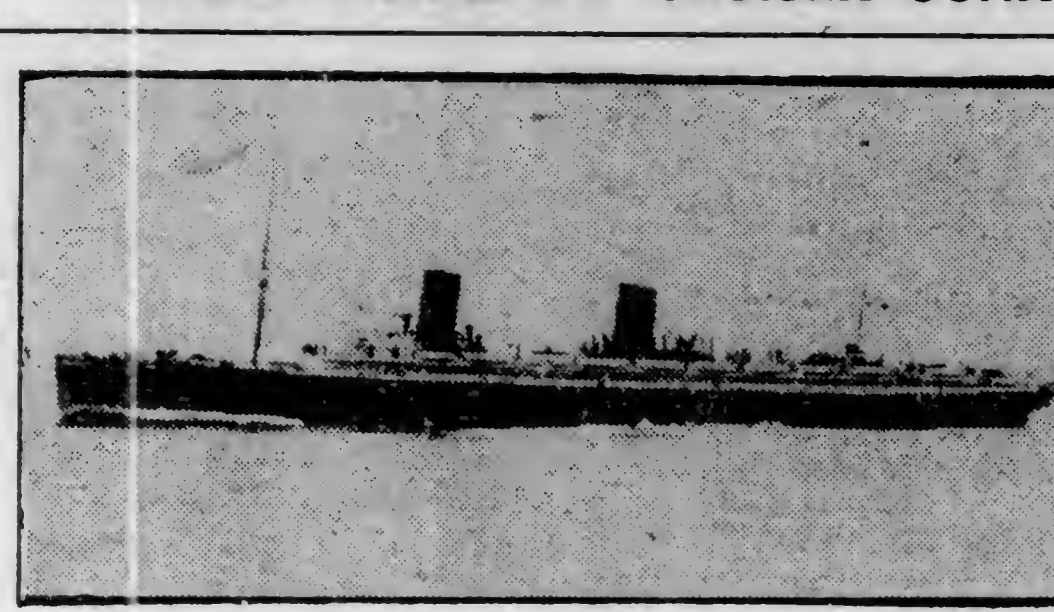

San Francisco, Cal., Feb. 29.—More than forty guests, all Methodist ministers and their wives, were made seriously ill after they had partaken of food which is alleged to have been poisoned, served at a banquet given by Methodist ministers in the Howard Street Methodist church here, on Feb. 28. The first official report of the affair was made to the Methodist ministers' association by the Rev. Samuel Quickmire, pastor of the church.

## FEARFUL NOISE OF BATTLE BENUMBS FEELINGS OF MEN

Wounded Soldier Tells of Horrors of Battle of Verdun.

Paris, Feb. 29.—A combatant who was in one of the most advanced trenches early in the battle of Verdun and who has returned to Paris wounded gives his experiences as follows: "At dawn we received orders to leave the trench and to retire to a strong position in the Vaux woods in front of Douaumont. Bounding low we retired the four or five kilometers through the snow without much loss. Once in the new trenches we could not hear one another speak, so great was the noise of the cannonading and when

### FRENCH AUXILIARY CRUISER SUNK

LA PROVENCE.

Paris, Feb. 29, via London.—The auxiliary French cruiser La Provence was sunk in the Mediterranean last Saturday, it was announced officially today. At Malta 236 survivors have been landed.

The ministry of marine estimates the number of survivors at 870. Four hundred survivors were landed at Milo.

## IS POSTPONED UNTIL APRIL MAY START REVOLUTION

Walter J. Smith's Case Adjourned to April Term of Court.

Physicians Report Him Too Weak Physically to Stand Trial.

St. Paul, Minn., Feb. 29.—(Special to The Herald.)—The trial of Walter J. Smith, former state treasurer, now under indictment for the alleged embezzlement of state funds, will not take place until the April term of the Ramsey county district court. Judge Dickson today continued the trial set for yesterday, when two physicians who examined Smith in behalf of the state reported that the former state treasurer was too weak physically to stand trial.

### SLIGHT INCREASES GRANTED IN RATES

Washington, Feb. 29.—The interstate commerce commission today modified its order in the so-called anthracite coal case so as to allow the hard coal carrying roads slight increases in rates on prepared sizes on pea and smaller sizes.

### BRITISH LOSSES FOR FEBRUARY 15,586

London, Feb. 29.—British casualties in all the war areas published during the month of February showed a total of 739 officers and 17,847 men.

Gen. Felix Diaz Said to Be on His Way to Mexico.

Washington, Feb. 29.—Reports today to the department of justice said Gen. Felix Diaz, who hopes to start a new revolution in Mexico, left the United States on Feb. 18 on a ship bound from Tampa, Fla., to Tierra, in the state of Vera Cruz, Mex.

This advice came from an agent of the bureau of investigation and every effort was being made to confirm it. No details as to the ship on which Diaz sailed were received.

Bureau agents were busy today watching the reported Diaz plot in various sections with a view to checking any effort to send him arms and ammunition.

Whether Diaz is in Mexico was still unknown today at the state department and the Mexican embassy.

## GERMANY'S NEW RULE OF SUBMARINE WARFARE IS IN EFFECT AT MIDNIGHT

Berlin Statesmen Say It Will Positively Be Begun.

Period of Warning to All Neutrals Will Expire Then.

Armed Ships to Be Sunk By Undersea Boats on Sight.

Berlin, Feb. 29, via London.—The Associated Press is informed by Germany's leading statesmen that the new rule of submarine warfare which was announced in the German memorandum regarding the future treatment of armed merchantmen will positively be put in effect at midnight of today, Tuesday, Feb. 29.

At that time the period of warning for neutrals, giving them opportunity to advise their nationals not to travel on armed merchantmen will expire. For several days there has been more than a possibility that Germany at the last moment might make a proposal that she would discontinue practices of reprisal and sink no merchant ships, freighters or passenger liners, without first halting the vessel for examination and putting the crew in a place of safety as in the old style of naval war. If the allies would remove armament from merchantmen. It was thought England might accept this proposal or that the United States and other neutrals would be convinced. If England refused, that she had no intention of discontinuing the use of armament for offensive purposes. This might possibly have given President

### WHAT WILL MARCH BRING?

IN CHIEF COMMAND OF THE FRENCH FORCES AT VERDUN

GEN. JOFFRE.

### HOLDING PRIMARY; NO VOTES EXPECTED

No Candidates Presented for Officers of East St. Louis.

East St. Louis, Ill., Feb. 29.—This is primary election day in East St. Louis for the nomination of eight city councilmen, a city assessor, a chief supervisor, and ten assistant supervisors. However, there are no candidates.

Despite the fact that the election commissioners do not expect any votes to be cast, the polls were opened this morning in fifty-three precincts. Sixty-five election officers were on duty at 8 a. m.

The party organization ignored the primary and plan to file nominations by petition later.

At the mayorality primary a year ago, only six votes were cast.

Body of James to Be Cremated.

London, Feb. 29.—The body of Henry James the novelist, who died yesterday, will be cremated. The funeral service will be held Friday at Chelsea Old Church, an historical church near his residence. The place of interment of ashes has not been decided.

## BOMBARDMENT TO NORTH OF FORTRESS OF GREAT VIOLENCE

Germans Capture Village of Manheulles While French Counter-Attack and Recover Some Ground.

In Lorraine French Troops Drive Teutons From Trenches Which They Succeeded in Occupying Earlier.

## TREMENDOUS ACTIVITY BY GERMANS ON EAST FRONT

Petrograd, Feb. 29, via London.—Announcement was made semi-officially today that tremendous activity has been observed over the whole length of the German front in the east. There are various indications that spring will see another great effort by the Germans on the Russian front.

Enormous quantities of incendiary and explosive bombs have been collected by the Germans. Another feature of these preparations is the bringing up of apparatus for aerial warfare on an increasing scale.

London, Feb. 29.—German forces reinforced, it is reported, until they now number 750,000 men, continue their smash on Verdun with renewed intensity.

What may mean a renewal of the German drive in the terrific force which marked the initial attack is contained in the announcement from Paris today that the bombardment to the north of the fortress is assuming greater violence.

The heaviest infantry fighting of last night seems to have been in the Woivre district to the south of the fortress, where the Germans attacked and captured the village of Manheulles. The French declare that in a counter-attack they attained the western boundary of the village, which they now hold under their fire.

New Phase Developing.  
The comparative lull that prevailed for some hours before the renewal of the intense artillery fire reported today, indicated that a new phase of the battle might be developing. As a whole the German attack, while still continuing, has apparently less driving force than the pressure is being shifted from point to point.

## EXPLOSION ACCIDENTAL

Terrific Blast at Woburn Plant Breaks Windows for Ten Miles.

Only One Man Hurt; Factory Making War Munitions.

Woburn, Mass., Feb. 29.—All indications point to the fact that the explosion at the Woburn plant, which broke windows for ten miles, was accidental. One building was damaged. Frank H. Cornett, foreman at the plant, was injured. Fire broke out following the explosion, but was quickly brought under control. The loss is estimated at about \$50,000.

Many Safeguards Around Plant.  
Because of the many modern safeguards about the chemical works, where large war contracts are being filled, none of the other buildings was materially damaged.

The plant was heavily guarded and the company officials said the explosion in all probability was due to the highly dangerous nature of the chemicals used.

The building where the explosion took place, was 125 feet long and 40 feet wide. It was so built that almost all the force of an explosion would be exerted upward, about half of the building was wrecked.

A small fire that followed the blow-up was quickly placed under control by the company's fire brigade before the city apparatus, summoned by a general alarm, reached the scene.

Twenty men were employed about the T. N. T. building on the night shift, and so far as the first reports to the police showed, these were all satisfactorily accounted for.

Seven Bodies in Ruins.  
Taloga, Okla., Feb. 29.—The bodies of seven persons were found early today in the ruins of a farm house, which burned some time during last night, six miles northwest of here. The dead have been identified as M. Creed, the occupant of the house, his wife, three children and his two brothers.

## BITTER FIGHT ON IN CHICAGO

Candidates for Aldermeh Being Chosen at Primary Election.

Mayor Thompson's Men Meeting With Severe Opposition.

Chicago, Feb. 29.—What is said to have been the bitterest aldermanic primary campaign in Chicago's history closed last night and today the Republican, Democratic and Socialist parties will each name thirty-five candidates for alderman and one candidate for a vacancy on the municipal court bench.

On the Republican side, Mayor Thompson and the candidates he is supporting have fought hard with the opposition, principally in nine wards in which Republican aldermen have opposed the mayor's policies and now seek renomination. The injection of the Eaton-Rowe salary splitting controversy into the election and action taken by various factions of the wet and dry forces have given unusual interest to the campaign.

From the interest displayed and the fact that both men and women will vote, it is predicted that the total number of votes cast will be close to 400,000.

On the Democratic side the fight is general throughout the city between the Sullivan and the Harrison-Dunne factions.

Fear of frauds and violence in some of the wards caused the election authorities to requisition the services of extra details of police this morning. Two hundred private detectives have been employed to watch the polling places.

There is an undertone of the wet-dry controversy in the Republican fight, the mayor asserting that liquor forces are back of the movement opposing him.

## TWO LICENSES

## ARE HELD UP

Saloon Keeper's Creditors

Ask Transfer—Building

Must Be Lighted.

Two saloon licenses were held up

by the city commissioners yesterday

afternoon, one because the council

is asked to grant a transfer in order

that the saloon keeper's creditors may

collect their money, and the other,

until the applicant properly lights

the front of his saloon, which is in a

dark section of the city.

When the application of Laurence

Kovach for a transfer of M. Caron's

license came up for consideration,

Commissioner Silberstein, safety head,

moved that the matter be laid over

until next week. Caron is alleged to

have moved out of his place during

the night, without paying his bills,

and leaving his water pipes to freeze

and break, and Ray M. Hughes, at-

torney for Kovach, who appeared at

the meeting, urged the transfer in

order that the creditors of Caron

might receive the money. The safety

head declared that he had received an

unfavorable report on Kovach from

authorities at Chisholm, where he

conducted a saloon before the Indian

treaty was enforced by the govern-

ment.

"If you grant the license transfer,"

said Mr. Hughes, "Caron's creditors

will get their money, but, if you re-

ject it, they will get nothing.

The question of acting as a col-

lection agency for creditors of saloon

men came Commissioner Silber-

stein contending that the council

should protect these business men

when possible. He then made the

motion that the application be tabled

until next Monday. Kovach asked

a transfer from 701 West Superior

street to 112 West Superior street.

The application of Alex. Matel, 415

West Michigan street, was held up

at the request of Commissioner Sil-

berstein, who said that Matel must

first light the front of his saloon be-

fore the license will be granted. Chief

McKercher, however, has recommended

the transfer of all saloons from the

block on Michigan street, between

Fourth and Fifth avenues west, be-

cause of the improper lighting and

the proximity of the saloons to the

railroad yards. Matel has a lease on

## REVISION FOR REFERENDUM

Amendment in Charter Will

Extend Time Limit for

Petitions.

Changes in the referendum section

of the city charter, so that the voters

will know definitely the time limits

allowed for filing petitions, will be

included in an amendment ordered drawn

by the charter commission at a meet-

ing in the council chambers last eve-

ning.

The special amendment sub-commit-

tee of the charter body was instructed

to prepare an amendment to the refer-

endum clause and submit it at the

meeting of the commission next Mon-

day evening. M. B. Cullum, former

mayor, and Postmaster McEwen both

urged an amendment that will allow

an extra day in which to secure ad-

ditional names, in case a petition is

found insufficient.

When City Attorney Samuelson pointed

out that a few individuals could delay

legislation by filing referendum

petitions and securing ten extra days,

it was suggested that the amendment

contain the provision that the original

petition must bear names equal in

number to 10 per cent of the total vote

cast at the last previous municipal

election.

H. H. Phelps, who introduced the

resolution at the meeting a week ago,

urged the city commissioners to ap-

point civic advisory boards, asked to

withdraw the measure, but no action

was taken. A move to discharge the

special committee was defeated, and

the members of the committee, con-

sisting of Chester A. Congdon, T. W.

Hugo and John G. Williams, were in-

structed to meet with the city com-

missioners during this week and re-

port at the meeting next Monday eve-

ning.

A conference of the charter com-

mittee and the city commissioners was

held last Tuesday, but was

postponed.

**GUESTS LEFT  
DINNERLESS**

Hotel Waiters Walk Out on Strike During Busiest Hour.

Manager Will Fill Their Places With Young Women.

"I guess they must have sent out to get a sheep," said a dinner guest last evening, as he sat in the Holland hotel and waited for a belated order of lamb chops. "I've waited here for over half an hour. Where can I get a drink?"

No, the waiters hadn't gone out to get a sheep or anything like that—but the waiters had gone on a strike after taking orders for dinner.

Manager Burr of the Holland, it is said, has been planning to have girls take the place of the men who up to 6:30 last evening were doing waiter service. Sam Badani, head waiter of the Holland, or who was head waiter, demanded to know whether girls were to supplant the men. He wanted to give his assistants an opportunity to get other positions, he claimed.

Manager Burr refused to give a definite answer, whereupon the seven waiters and two bus-boys walked out of the hotel, while smoking vials grew cold and cold guests grew exceedingly hot.

There was a special dinner on. It turned out to be a special dinner in more sense than one. When the white waiters of the Holland indignantly walked out, a rush order was sent to the Hotel St. Louis and four colored waiters pressed into service. Members of the Board of Paradise company went into the kitchen and themselves, says one bulletin from the war front.

Today, while the offensive movement of the waiters has lost some of its drive since last evening, a state of siege still exists. The hotel management is in the trenches and holding the lost ground. It is said the hotel management will inaugurate an offensive move tomorrow when some young women will be brought here and set to work.

While the stalemate is on, so to speak, the four colored waiters are doing the work.

All of the churches that will take part in the "every member canvass" next Sunday have their arrangements made, and each church will send out from ten to seventy workers among their congregations to stir up renewed interest in church affairs.

Twenty-two churches will take part. In most cases the entire membership of each church participating, if that is possible, but the canvass will not end on that day except in the case of the First Baptist church and Trinity Episcopal cathedral, which have their campaigns so mapped out that they believe that Sunday will close them up. The churches taking part are:

First, Central, social; First Swedish, social; Swedish Bethel, social; Third Swedish, social; West Duluth, financial; Calvary, financial; Congregational, financial; Episcopal, social; Trinity, social; Methodist, social; Grace, social; First Norwegian, social; First Presbyterian, social; Second, financial; Holy Trinity, social; First, financial; Glen Avon, financial; Hazelwood, financial.

**STATISTICS OF HIGH  
SCHOOLS IN WISCONSIN**

Madison, Wis., Feb. 29.—The three years from 1912 to 1915 tell a story of remarkable growth in high school enrollment, graduation and number of non-resident pupils, and tuition money received by high schools. In 1912-13 the high schools of Wisconsin enrolled 49,042 students. In 1913-14 this was increased to 42,306 students, while during the year completed last June, there were 44,085 enrolled students in the high schools of this state, an increase of 4,779 or over 10 per cent in two years.

The number of non-resident pupils in Wisconsin high schools show an increase. In 1912-13 there were 8,712 non-resident pupils; in 1913-14, 8,966, and the records last June show a total of 9,302. School receipts from tuition

**BARON H. S. DE LA MALAUSSENE.**

Twice wounded while fighting France, but eager to return to his native land and participate in what he believes will be the final triumph of the allies, Baron H. S. de La Malaussene arrived here yesterday and gave a vivid description of his experiences in battling under the tri-color.

The baron, who is ex-adjutant of the Premier Regiment of Foreigners and possessor of the coveted "Titulaire de la Croix de Guerre," which was awarded him for gallantry in action, is not without first-hand proof that he is a warrior. His nose was broken and his teeth knocked out with a rifle butt while he was plunging into the German trenches, and his right side was pierced by a German bullet. The latter wound was not serious, but he will be unable to go into the service again until he has been fitted out with bridge work and until his nose has been operated upon so that he can breathe more freely.

The baron, who will lecture at the Orpheum-Strand tomorrow, Thursday, Friday and Saturday, tells an interesting story of the charge in which he was wounded, which gives one a clear insight into the condition of the old-world combatants.

Several weeks before the war broke out he became acquainted with a young German who was stopping at a Paris hotel where the baron lived. A friendship sprang up between the two and only the day before Austria declared war on Serbia the German presented De La Malaussene with a walking stick. The next day the German disappeared. The baron did not see him again until the fatal day when he charged the German trenches. He lunged at his erstwhile friend with the bayonet, wounded him severely and, a second later, was knocked senseless by the butt of another German's rifle. The baron carries a large number of relics that he picked up on the battlefields of France.

**BUYS GUNBOAT WITH  
HARVESTER MONEY**

Washington, Feb. 29.—How part of a \$480,000 letter of credit from the International Harvester company was spent for a gunboat and munitions for a revolution in Yucatan, Mex., last year, was told today to the senate committee investigating charges of a combination to control the output of sisal, by Domingo F. Ely, who said he was a member of the committee.

Ely said he had been in Yucatan, where he became governor of Yucatan in February, 1915, after a revolt against Governor Santos, had confiscated the Yucatan gold reserve to buy arms, Ely testified, when Ave-lino Montes, a sisal buyer, offered the letter of credit for which he received 3,000,000 pesos issued by the Mexican organization formed for non-resident pupils, and tuition money received by high schools. Before the letter with which he bought a gunboat and ammunition, he said, could be shipped, however, he said, Gen. Alvarado, the present governor, overthrew Arreola, and Montes stopped payment on the balance. The Mexican currency received for the letter was used by Montes in buying sisal, he said.

**CONTRACT FOR  
NEW SCHOOL**

Lounsbury & McLeod Will Build Morgan Park Building.

Cost Will Be Slightly Below Estimate of Directors.

Directors of the board of education, at an emergency meeting yesterday afternoon, awarded the contract for the Morgan Park school building to Lounsbury & McLeod on their bid of \$116,711.72. Work will begin at once.

The committee on maintenance of buildings and grounds, in its report, recommended that Lounsbury & McLeod be given the general contract on their bid of \$88,670. Sub-contracts for heating, plumbing, and electrical work bring the total up to \$116,711.72, which is slightly below the cost which directors had estimated.

Stack Bros. with a bid of \$6,718 were awarded the plumbing contract. D. R. Black & Co., with a bid of \$16,195, the estimated cost of cement finish to be used in place of terra cotta and electrical work on a bid of \$4,137.22.

W. B. Getchell, chairman, and H. J. Grannis, was adopted after a short discussion of the report, and recommendations concerning alternative bids, covering details, were considered.

From the general contractors' figure of \$88,670 there will be deducted \$1,395, the estimated cost of cement finish to be used in place of terra cotta and electrical work on a bid of \$4,137.22.

Bids were opened by directors at a special meeting Saturday, and after discussing them with Clyde M. Kelley of Kelley & Williams, architects for the building, action was deferred until yesterday's meeting.

We are hurrying the matter as much as possible, so that the school will be ready by the time the fall session begins next September, if possible, said H. J. Grannis. Architects tell us that it may not be ready when schools open, but the contract specifies that work be completed by Sept. 15, so that there will not be much delay.

The bids which were considered were as follows: General contract, Lounsbury & McLeod, \$88,670; Free & McLeod, \$91,048; Hux, Fawcett, \$93,577; Jacobson Bros., \$93,500; Plumbing, \$1,395; H. J. Grannis, \$1,395; Electric company, \$7,150; E. S. Farrell company, \$6,900; H. Gazett, \$7,440; D. R. Black, \$7,450; Heating, H. Black, \$15,556; Stack Bros., \$16,056; American Heating company, \$17,332; E. S. Farrell company, \$17,300; H. Gazett, \$17,500; Electric, E. F. Bradley, \$4,137.22; Richardson Electric company, \$4,400; F. O. Peterson, \$4,700; Burgess Electric company, \$4,875; Duluth Electric company, \$4,837; McCullen & Thayer, \$5,192.

**TWO FISH WITH  
SET LINES; FINED**

Two disciples of Isak Walton who liked to wile away tedious Sunday afternoons by fishing, but who forgot to keep their weather eyes open for game wardens, were brought into municipal court by Deputy Game Warden J. E. Kragger today.

John Carlson, 24, and Charles Sanderson, 42, told Judge W. H. Smallwood that they were guilty of fishing with set lines. Warden Kragger explained that they fished up set lines and fished through a hole in the ice at Rice Lake.

Each fisherman was fined \$10 and costs. The law prohibits fishing with set lines, when two or more are used. Nearly a score of fishermen were arrested and the rest of them still are to be arraigned.

Kragger, with Warden August Taborn, made the rounds of several lakes near Duluth. The rest of them still are to be arraigned.

**M**R. AND MRS. H. V. EVA returned this morning from Washington, D. C. Florida points and Cuba, where they have been for a month. Mr. Eva, who is secretary of the Duluth Commercial club, went to Washington to attend the annual meeting of the Chamber of Commerce of the United States, as a representative of the club, and following the close of that meeting he and Mrs. Eva took a vacation. They visited all of the principal points in Florida, and then went to Havana, where they spent a number of days. "We met Duluthians in every city we visited," said Mr. Eva this morning. "Duluthians are great travelers, and they seem to be everywhere in the South. In Havana, we saw Mr. and Mrs. Luther Mendenhall, who have a winter residence there, and also met Mrs. T. H. Martin and Mrs. Joseph Sellwood. While driving through one of the streets one day, we passed Miss Elsie Silberstein, but did not get a chance to talk to her.

"This was my first visit to Cuba and I was glad to visit there, as, indeed, I was all parts of the South which we saw, but I would not want to live there. The North for mine, thanks, and Duluth in particular. Duluth is a fine place to come back to and call home."

## Amateur Entertainers Are Guests at Dinner

The members of the cast of the Knights of Columbus vaudeville show were entertained last night at a banquet at the Holland hotel, which was followed by dancing at the Knights of Columbus hall.

Edwin F. Kelley, the toastmaster, read a telegram, purporting to be from Henry Ford, who tried to make a contract with those who took part in the "Auto Boys and Girls" number of the vaudeville, for a South American tour to advertise his car. A similar telegram, signed by a film company, made a flattering offer to the cast of "Woman of the Future."

George W. Atkins, the grand knight, in behalf of the Duluth council, thanked those who took part in the show, which, he said, the council hopes to make an annual affair. Many of the cast gave short, informal talks, and songs that were on the vaudeville program were repeated.

**To Remove Roughness, Chaps, Freckles, Lines**

If your skin is chapped, rough or harsh, dab a liberal amount of mercuric oxide on the face and allow it to remain over night. When you wash off the wax in the morning, the fine, flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer film skin is soon absorbed, but so gradually, there's not the slightest hurt or inconvenience. Even the ugliest complexion yields to this treatment. The underlying skin which forms the new complexion is so fresh and youthful looking when it is exposed at the transformation. It's the only reliable way to actually discard aged, faded, freckled, blotchy, or weather-beaten complexion. One once of mercuric oxide, as pure as any drug store, is sufficient in most cases. If wind and cold make you scold and from, you bound to cultivate wrinkles and crow's feet. To overcome this, bathe the face in a solution made by dissolving an ounce of powdered salicylic in a half pint with water. Advertisement.

### JACK CURLEY BOOSTS BID AND THEN COLLECTS HIS

Willard to Receive Huge Purse and Jack Will Get Some of It—Alexander Aberg Has Made Remarkable Record—Great Hockey Game Is Promised—Little Louie Zorbas Talks.

BY BRUCE.

MAYBE Jack Curley was seriously bidding for the Willard-Moran fight. Splitting along another trail, maybe he was just sitting in and waiting for the Rickard bid by far the highest purse that has ever been offered for a ten-round bout. Where, you may innocently ask, does Curley come in? Why, he is one of the managers of Willard. Team mate of Tom Edward Jones. Maybe less is so large he needs two pilots, like a great battle ship or commercial liner requires two tugs to effect a landing. Be that as it may, Curley increased the bid for the fight and now that Rickard is going to pay the world's heavyweight champion a fabulous sum for boxing ten rounds, Curley, as one of the managers of Willard will ride to Forty-second and Easy street on his percentage.

Those who declare Curley never worked in his life, wrong the man. He was a towel swinger at one time.

Alexander Aberg the Great. Since Stanislaus Zhyzsko was blocked by the war game and Yussif Mahmoud was thrown out of wrestling for the time being at least by the quarrel in the Balkans, has there appeared a foreign wrestler on the horizon who has attracted anywhere near the attention of Alexander Aberg, the giant Finn who has won every tournament he has entered during the last five years.

Aberg is larger than Zhyzsko, Mahmoud, Gama, Gotch, or any of the modern wrestlers. He is a veritable giant in size. Last year this fellow created a sensation in New York by winning all the matches he wrestled in the Madison Square tournament. Then he came back this year and won twenty-two straight contests in the big tournament that was held in the famous old Manhattan opera house.

As far as most followers of the wrestling game know, there are but two heavyweights in the world who have never been thrown. One is Joe Stecher and the other is Alexander Aberg. Contrary to the belief held by some persons interested in the mat sport, Frank Gotch has been thrown. Heel defeated Frank and Tom Jenkins won three matches from the Humboldt man before he reached the point where he became invincible. It was because of the fact that Jenkins beat Gotch and then Hackenschmidt beat Tom with consummate ease, that the followers of the gigantic Russian marvel even dreamed that Gotch would give Hack even a hard go of it.

Aberg's tour of the Western country promises to prove a sensational mat achievement. The huge Finn has never been West. All his contests have been confined to Europe and the East. New Yorkers went wild over the work of the giant. Aberg is coming here and Frank La Joy is casting about to get a suitable opponent to take on this huge fellow who unbled them all on their heads in the New York contests.

A Great Game Promised. This week the Big Duluths and Universals will meet in a hockey game that will go a long way to decide the 1000 pennant winner of the Duluth Amateur Hockey league. If the Universals win, they will have a hold on the flag; on the other hand, if the Duluths win, they will be on practically even terms with the league leaders.

Add to the spice of the situation a side dish of bitter rivalry, and you have some idea of the interest that is being infused into the Friday evening contest.

The Universal players (not picture folk) see the thing. They can defeat the clothing salesmen if the Big Duluths will play hockey. The Big Duluths hold that the only way the Universals gained the lead was to steal a game. Oh, you arbitration committee! The game should prove a corker; one of the best played this season. Both teams are on edge and playing the best hockey of the season. There are a lot of angles that

figure on the outcome of the contest—so, friends, it should be a great old game.

#### Rough Going.

FROM the accounts that Louie Zorbas and Joe Thomas told back from Lincoln, Neb., where Louie wrestled Owen Dailey last Friday evening, the little Greek was lucky to escape with his clothes and dressing gown. Often resorting to an alibi is considered a great indoor sport by many wrestlers. We, for one, don't believe little Louie Zorbas is that stamp of wrestler. The kid is fair, on the level, and one of the most unassuming little fellows who ever donned a pair of trunks. When little Louie declares with vehemence that he was robbed and robbed on top of this, there are a whole lot of personal friends of the smiling little Greek who will accept his word.

Louie declared upon his return yesterday that he had Dailey stunned and beaten in the first few minutes of the contest, and then pinned the Nebraska boy squarely to the mat. The referee, according to Louie, turned around and walked to the other side of the mat, refusing to see the fall. Zorbas claims that Dailey rested on the mat for several seconds, took a good purchase and finally wriggled free. If you could hear Louie describe the incident, you would either declare he was telling the truth or should go out to Berkeley, California, and try for a prominent place in the Greek drama.

Frank La Joy is going to endeavor to lure the Dailey person out of Nebraska and bring him to Duluth where a referee so square rules in the contests that he would not give his own brother a shade the better of it. Probably Dailey won't come up here. If he does consent to come, the fans will probably witness a contest with some real wrestling crowded into the session.

### READY FOR CATHEDRALS

Central Quint Will Be in Good Form on Friday Night.

The members of the Central high school basketball team are not dismayed by the defeat which they suffered Friday evening at the hands of the crack Virginia high school team, and they are working hard this week in preparation for the big game with the fast Cathedral high school aggregation next Friday.

Members of the Virginia quint declared after the game that the Duluthians made them work harder than they have done this season and they considered themselves especially fortunate to get out on the long end of the score. As a result of the game the rangers became champions of the district and they will go to the state meet at Northfield to meet the cream of the state. The game at Virginia Friday was an exceptionally fast one and was watched by a big crowd. The locals believe that they could defeat the rangers on their home floor. Nevertheless, they believe that the Queen City men will be able to hold their own at the state meet, as the same team was barely nosed out for first place last year by the crack Red Wing aggregation.

The Cathedral game next week is expected to be one of the hardest fought contests played in this city in a long time. Central unexpectedly won the first game by the score of 16 to 8, but the Cathedralites declare that they will get revenge by walking away with the game next Friday. The Central team will seek to uphold its honor of champions of the Lake Superior region, while the Fourth street men will be anxious to claim it away from them.

### RIGHTS OF CLUBS TO FED PLAYERS

National Commission Says They Must Be Prompt in Contracting.

Cincinnati, Ohio, Feb. 29.—The national commission has issued a statement relative to the new rule on players given their unconditional release by the Federal league. It follows: "In all cases in which a player has reverted to a national agreement club, as the result of his unconditional release by the Federal league or any of its clubs, it is the duty of the club to which he returns to promptly contract with such player, transfer him to another club or waive all claim to him in writing. Major league clubs are instructed to notify the president of their respective

### HUGE FINN MAY MEET MASKED MARVEL

ALEXANDER ABERG.

The winner of the Madison Square and Manhattan wrestling tournaments may meet the original masked marvel here. The masked marvel is the grappler who made such a sensation in the East, defeating Roller, Lewis and every one of the other wrestlers except Aberg, the match between the masked marvel and Aberg going over two hours, when Aberg finally forced the shoulders of the man in the mask to the canvas. Aberg is making one of the greatest tours ever planned by a wrestler in the history of the United States.

league what action, if any, has been taken relative to players which have reverted to them.

Minor league clubs are required to file similar reports with Secretary Farrell. In all instances in which the interest of national agreement club does not use ordinary diligence in signing or disposing of the player's right to him will not be recognized.

The national commission also promulgated a decision declaring Pitcher Hub Pardue last year with the St. Louis Nationals, a free agent, and eligible to contract with any club desiring his services.

San Antonio, Tex., Feb. 29.—Two more players have joined the St. Louis Nationals in camp here. They are Pitcher Steele and Catcher Tommie Brotherton. The club had a workout yesterday afternoon, but the weather was considered such as may occur on the baseball field for him to allow the men to cut loose at this early stage as they clearly desired to do. The first game with the San Antonio club will be played Saturday and Sunday.

Pittsburgh, Pa., Feb. 29.—William McKechnie, manager of the Newark Federals last year, will train with the St. Louis Americans this spring as the guest of Manager Fielder Jones. It was announced here last night. McKechnie has received offers from four major league clubs, one of them being St. Louis.

St. Louis, Mo., Feb. 29.—Fielder Jones, manager of the St. Louis Americans, and twenty players left here last night for Palestine, Tex., where the team will train for the approaching season. Other players will join the squad before they reach Palestine, bringing the total up to thirty-five.

Boston, Mass., Feb. 29.—The Boston Nationals were insured yesterday for \$500,000 against accident of any nature except that of a lightning bolt on the baseball field. The policy is a blanket agreement covering every member of the team.

### TWO GAMES SCHEDULED

Fenton-Dubys to Meet Northerns; Kelleys, the Big Duluths.

STANDING OF THE TEAMS.			
Team	W.	L.	Pct.
Fenton-Dubys	2	2	.500
Kelleys	4	3	.572
Big Duluths	4	4	.500
Northerns	2	5	.286

Two interesting games are carded for the commercial basketball league at the Y. M. C. A. this evening. The Fenton-Dubys will tackle the scrappy Northern Hardware aggregation, and the Kelleys and Big Duluths will fight it out for second place. These games are the next to the last on the schedule and as the race has become very hot for first place, a big crowd is expected to turn out.

The Northerns have strengthened their team considerably and should give the league leaders a great battle this evening. Last week the Northerns took the fast Kelly quint into camp, and they expect to repeat with the sporting goods men tonight. The Fentons settled their supremacy last week when they won a game from the Big Duluths. They are not far in the lead however, and should they be a tie for first place in the event that the Kellys win their game.

The Big Duluth-Kelly contest is expected to be a hummer. This game is for second place and both teams will work hard to win.

### OFF AGAIN, ON AGAIN, BRESNAHAN

Roger Is to Get Toledo Franchise and Then He Isn't.

Chicago, Feb. 29.—Interest attends the movements of Roger Bresnahan, in connection with the future of the orphaned franchise of the American association and its proposed transfer back to Toledo. It was reliably stated

### ANOTHER "MIKE" HAS COME TO YALE

MIKE SWEENEY.

Another "Mike" has come to Yale to take the place of "Mike" Murphy, under whom athletes reached high water mark. He is Michael Sweeney, former champion high jumper. He has been turning out winning teams at Hill school, Pottstown, Pa., for some time. He goes to Yale for two years. It is believed by many that he will return then to Hill.

that Bresnahan is in Chicago and expects to meet Charles Weeghman to wind up affairs with the Cub leader which would leave him free to purchase the franchise. That much was confirmed by Mr. Weeghman but later there came word from Toledo quoting Bresnahan as saying he had abandoned all hope of getting the franchise.

It is understood that Mr. Weeghman has declined to pay in a lump sum the \$20,000 due Bresnahan for the years remaining of his contract with the Chicago Nationals. He and the former West Side leader, he says, will meet today and settle their differences.

President Chivington of the American Association said his league would welcome Bresnahan, but professed ignorance of any definite plan to acquire him, which the latter would get the club.

### ST. PAUL TEAM WINS FIRST

St. Paul, Minn., Feb. 29.—In an exciting game, which went three extra periods, the St. Paul A. C. hockey team last night defeated the Sault Ste. Marie, Mich., septet, 4 to 1 in the first of the series of games for the McNaughton cup, and the championship of the Western League of the American Amateur Hockey association, for which they were tied at the conclusion of the season's regular schedule. Moland, local center, was the individual star of the game.

### PREPARING FOR BIG GOTHAM BOUT

Thirteen Thousand Tickets Printed for Willard-Moran Fight.

New York, Feb. 29.—Tex Rickard and others connected with the promotion of the forthcoming Willard-Moran bout here, conferred yesterday with the New York state athletic commission, and agreed to comply with all the rules of the commission.

A manifest of the tickets for the match shows that 13,000 have been printed. Twelve thousand are for seats ranging in price from \$3 to \$25, while the remainder are for standing room.

But Nelson Not "Class." Appleton, Wis., Feb. 29.—Another jolt was given up-state boxing yesterday when a ruling was received from the commission stating that Battling Nelson would not be permitted to meet Ad Wolgast here. The commission holds that Nelson is not in Wolgast's class in point of ability.

Leonard Wins Bout. Buffalo, N. Y., Feb. 29.—Benny Leonard of New York defeated Rocky Kanas of Buffalo in a ten-round bout here last night.

Lewis-Stone Bout Delayed. New Orleans, La., Feb. 29.—The twenty-round bout between Ted Lewis and Harry Stone for the welterweight championship, scheduled to take place here last night, was postponed until Wednesday next on account of rain.

### TURN DOWN FREE TRANSPORTATION

Directors of Western Golf Association Repudiate Recent Acceptance.

Chicago, Feb. 29.—The directors of the Western Golf association, by a mail vote, have repudiated the recent action of the association in accepting free transportation for golfers who desire to attend the annual tournament next summer at Del Monte, Cal.

The result of the vote, which was made public in Palm Beach, Fla., today by E. H. Bankard, Jr., of Chicago, secretary of the association, was six against the acceptance of free transportation and three in favor of it.

It is said the directors repudiated the question of professionalism throughout the membership of the 250 clubs in the association. Directors in favor of accepting the special offer were Horace Smith, Louis B. C. Biddleford, Chicago, and George Boyd, St. Louis. E. S. Armstrong, Los Angeles, also a director of the California Golf association, which made the offer, voted against accepting it, with William P. Brooks, Minneapolis; George B. Birch, Cincinnati; Arthur B. Caldwell, Detroit, and E. H. Bankard, Jr., the secretary. Mr. Bankard said he thought the action would result in the resignation of the directors of the Western association.

### FIRST GUN IN CAMPAIGN FOR REGATTA READY TO BE FIRED

Mass Meeting Called for Commercial Club Rooms at 8 o'Clock—Ten Eyck and Other Boat Club Men Will Talk—Motion Pictures of Springfield Races Will Be Shown.

Every oarsman, every man who believes he would like to row, every man who has rowed, every business and professional man who is even remotely desirous of advancing the interests of Duluth in the attempt to secure the 1916 national rowing regatta for the city, is asked to attend the rowing rally that will be held this evening in the Commercial clubrooms. The meeting will be called at 8 o'clock.

James E. Ten Eyck will talk at the meeting. Other boat club officials will probably have something to say. Possibly some of the business men of the city will take a hand in the proceedings. The meeting is called to start a huge movement in favor of procuring the big regatta for Duluth. Getting the regatta for this city will not be an awakening of interest caused by rather it is planned to obtain the help of Duluth as a whole, and the meeting set for tonight has been called for that very purpose.

Big List of Crew Men. Another thing—a big list of crew candidates is desired. If Duluth lands the regatta, then there will be a powerful incentive for making a great showing on the home course. To make even a creditable showing there will be a wealth of material out for the crews. It is expected there will be an awakening of interest caused by the meeting in the Commercial clubrooms.

To all those contemplating trying for the crew, or anyone who has given the matter any thought whatever, that it does not cost anything to make a try, said Jimmy Ten Eyck today. "We want a lot of boys out. It is the greatest training in the world for a boy. Fathers should encourage their boys to get out. Rowing is a very healthy sport. It makes a boy straight and clean and it lays the foundation for physical fitness that stands a boy in good stead in future years. Rowing imposes no violent physical strain, neither does it tear down or destroy physical energies. Rowing imposes no violent strain on the heart or other organs of the body. A man who will row under a competent coach and trainer will be the better for it. It is the greatest exercise for a young man that I know of. We want every young man possible—we

can handle 500 candidates. We have ample facilities and will have my brother Ned here this season to work with me. It is the desire of every boat club official to make this the greatest season in the history of the club. To carry out this desire we must have crew candidates."

There will be a meeting of the old oarsmen tomorrow noon. This meeting will be sort of supplementary to the rally of this evening. It is believed committees will be planned and the work of rounding up candidates will be mapped out at the gathering of tomorrow.

Motion pictures of the Springfield, Mass., national regatta races of last August will be flashed on the screen at the meeting of the club. These pictures show in detail the remarkable victories gained by the Duluth crew, unprecedented in their magnitude in the long history of the association.

It is desired that there be a large attendance at the meeting of tonight, as matters of grave importance will come up for consideration.

### SCHILLER TO MEET BREWER

Finals in the Bagley Curling Event Will Be Played.

Local Events Will All Be Completed By Middle of March.

Charles Brewer's rink took an awful fall out of Leslie Cason's aggregation last evening in the semi-finals of the Bagley event, winning by the count of 12 to 5. As a result of this win in the Brewer-Whites moved jauntily into the finals and this evening are due to line up against Mike Schiller's rink. Mike put Walter Harris out of the running the other evening and tonight will lustily endeavor to upset the dope and take a fall from the strong B. & W. brigade.

Stillman put Dunlop out of the running in the University event, moving into the finals. As the genial Sam Cleveland has been in the finals since

Friday evening, awaiting an opponent, his rink will meet Stillman's tomorrow evening in the finals of the University. Mike Schiller's rink has been going along in great fashion during the last two weeks. So have the Brewer-Whites. Charles Brewer has been skipping a phenomenal game. He has also been getting all the breaks. During the last two weeks Brewer has been making fine-edge shots that can't be surpassed. A break in his game might cause an overturn in the dope and fetch the Bagley home in unexpected hands.

It is expected that all of the events will be cleaned up by the middle of March. All of the events are pretty well down, the Blaze and the Board of Trade being the two trophy chases containing any large number of remaining games.

Following is the result of play last evening and tonight's draw:

### SCHOOL TEAMS TO DECIDE HOCKEY TITLE

Seniors and Juniors Will Play Off to Decide Which Team Will Meet Sophomores for Pennant.

In the interclass high school hockey league the seniors will meet the juniors and the winner of this game will take on the sophomores for the championship of the league. The seniors and third year men will clash tomorrow afternoon.

The seniors, sophs and juniors are tied in the league race, each team having won two games and lost one. The freshmen have lost all three games. The juniors defeated the seniors in the last game played between the two teams by a score of 4 to 1. In the contest set for tomorrow the naughty seniors are confident of reversing this result and going into the finals to meet the sophs.

Much interest is being exhibited in the games by the students of the pile of granite. Interest in tomorrow's game is especially keen among the

## CERTIFICATE OF INCORPORATION OF THE BRITON STEAMSHIP COMPANY.

KNOW ALL MEN BY THESE PRESENTS, That the undersigned hereby associate themselves together for the purpose of forming a corporation, pursuant to the provisions of Chapter Fifty-eight (58) of the General Statutes of Minnesota, 1913, and the Acts amendatory thereof, and to this and hereby sign and adopt the following certificate:

ARTICLE I.

The name of this corporation shall be THE BRITON STEAMSHIP COMPANY, and its principal place of business shall be at Duluth, Minnesota, although said corporation may have an office and transact business at any other place or places in the United States, or elsewhere; the general nature of its business shall be to engage in transportation on the navigable waters of the Great Lakes, their connecting and adjacent waters, as well as on the high seas; to buy, own, lease, mortgage, sell and operate all species of steamships and ocean property; and to engage in all species of water-borne commerce, and to do all things incident, necessary and convenient thereto; and to buy, own, lease and operate docks and warehouses.

ARTICLE II.

The time of commencement of this corporation shall be the 6th day of March, 1916, and the period of its continuance shall be thirty years.

ARTICLE III.

The names and places of residence of the persons forming this corporation are: Chester A. Massey of Superior, Wisconsin; E. P. Preston of Duluth, Minnesota; and H. L. Spencer of Duluth, Minnesota.

ARTICLE IV.

The government of this corporation and the management of its affairs shall be vested in a board of three Directors, who shall be elected annually on the first Tuesday of February, unless otherwise provided by the laws from which Board of Directors shall be selected, in the manner prescribed by the laws of the State of Minnesota, and to elect a president, secretary and treasurer. The officers of vice president and treasurer, or secretary and treasurer, may be held by the same person.

ARTICLE V.

The amount of the Capital stock of this corporation shall be one hundred and fifty thousand dollars (\$150,000), to be paid in cash or property, or both, as may be determined by the Board of Directors; said Capital stock shall be divided into fifteen hundred (1500) shares, of the par value of one hundred dollars (\$100.00) each.

ARTICLE VI.

The highest amount of indebtedness or liability to which this corporation shall at any time be subject is five hundred thousand dollars (\$500,000).
